Last Updated: February 8, 2017

## *OUR COMMITMENT TO YOUR PRIVACY*

We use the terms “you” and “your” to include any person who accesses the Sites, as defined in the [Term and Conditions](#), or purchases any product or service offered on the Sites (the “Services”) for any amount of time. We use the terms “we”, “us” and “our” to refer to One Technologies, LLC (the “Company”), which owns and/or operates this website, and our employees, members, officers, directors, partners, affiliated entities, representatives, attorneys and agents.

We understand how important your privacy is to you, so we are committed to assuring your privacy. This page outlines all of the steps we take to protect your privacy, and what we do with the information that you provide to us through our website.

### **What information do we collect?**

In order to provide you with our services, we collect two types of information about our users: Personally Identifiable Information and Non-Personally Identifiable Information.

**Personally Identifiable Information:** This refers to information that lets us know the specifics of who you are. When you engage in certain activities on this site, such as registering for a membership, ordering a product or service, or sending us feedback, we may ask you to provide certain information about yourself by filling out and submitting an online form. It is completely optional for you to engage in these activities. If you elect to engage in these activities, however, we may ask that you provide us personal information, such as your first and last name, mailing address (including zip code), social security number, email address, employer, job title and department, telephone and facsimile numbers, assets, liabilities and other personal identifying information. When ordering products or services on the site, you may be asked to provide a credit card number. Depending upon the product or service, if you do not provide the requested information, you may not be able to obtain the product or service you want. You should be aware that if you enter any personal information during the information request process and then click the “submit” or any other button on that page, the information you have entered will be transmitted to us, even though you may not complete the process on subsequent pages.

**Non-Personally Identifiable Information:** This refers to information that does not by itself identify a specific individual. We gather certain information about you based upon where you visit on our site in several ways. This information is compiled and analyzed on both a personal and an aggregated basis. This information may include the website's Uniform Resource Locator (“URL”) that you just came from, which URL you go to next, what browser you are using and your Internet Protocol (“IP”) address. A URL is the global address of documents and other resources on the World Wide Web. An IP address is an identifier for a computer or device on a Transmission Control Protocol/Internet Protocol (“TCP/IP”) network, such as the World Wide Web. Networks like the Web use the TCP/IP protocol to route information based on the IP address of the destination. In other words, an IP address is a number that is automatically assigned to your

computer whenever you are surfing the web, allowing web servers to locate and identify your computer. Computers require IP addresses in order for users to communicate on the Internet.

### **Protecting your information**

We use SSL-encryption technology when transferring and receiving consumer data on our websites to protect your personal information. We have partnered with Symantec or other equally reliable encryption services to protect against the loss, misuse or alteration of information that we have collected from you. The servers on which we store Personally Identifiable Information are kept in a secure environment. However, no data transmission over the Internet or any wireless network can be guaranteed to be 100% secure. As a result, while we strive to protect your Personally Identifiable Information, you acknowledge that there are security and privacy limitations of the Internet that are beyond our control; the security, integrity and privacy of any and all information and data exchanged between you and us through this site cannot be guaranteed; and any such information and data may be viewed or tampered with in transit by a third party. We make no warranty, express, implied or otherwise, that we will prevent unauthorized access to your private information.

### **How do we use information we collect?**

We will use Personally Identifiable Information to enhance the operation of our site, fill orders, improve our marketing and promotional efforts, statistically analyze site use, improve our product and service offerings, and customize our site's content, layout and services. We may use Personally Identifiable Information to deliver information to you and to contact you regarding administrative notices. We may also use Personally Identifiable Information to resolve disputes, troubleshoot problems and enforce our agreements with you, including our Terms and Conditions and this Privacy Policy. Your information may also be used by us or by third parties to whom we transfer it to provide the products or services you have requested.

When you use our site, we will store cookies on your computer in order to facilitate and customize your use of our site. A cookie is a small data text file, which a website stores on your computer's hard drive (if your web browser permits) and can later be retrieved to identify you to us. The cookies make your use of the site easier, make the site run more smoothly and help us to maintain a secure site. You are always free to decline our cookies if your browser permits, but some parts of our site may not work properly in that case.

We may use an outside ad serving company to display banner advertisements on our site. As part of their service, they will place a separate cookie on your computer. We and our third-party ad server may collect and use Non-Personally Identifiable Information about you, such as your IP address, browser type, the server your computer is logged onto, the area code and zip code associated with your server, and whether you responded to a particular ad.

### **With whom do we share your information?**

We may sell, trade, rent or otherwise transfer your Personally Identifiable Information to others. We provide the products and services offered on our website through contractual arrangements with affiliates, service providers and other third parties. We and such third parties use your Personally Identifiable Information to operate our sites and to deliver their products and services. For example, we must release your credit card information to the card-issuing bank to confirm payment for products and services purchased on this site, release your Personally Identifiable

Information to the third party that will provide the products or services that you ordered, and provide order information to third parties that help us provide customer service. We will encourage our service providers to adopt and post privacy policies. However, the use of your Personally Identifiable Information by our service providers is governed by the privacy policies of those service providers, and is not subject to our control.

We may also provide Non-Personally Identifiable Information about our customers' sales, traffic patterns and related site information to third-party advertisers, but these statistics do not include any Personally Identifiable Information.

Occasionally we may be required by law enforcement or judicial authorities to provide Personally Identifiable Information to the appropriate governmental authorities. We will disclose Personally Identifiable Information upon receipt of a court order or subpoena, or to cooperate with a law enforcement investigation. We fully cooperate with law enforcement agencies in identifying those who use our services for illegal activities. We reserve the right to report to law enforcement agencies any activities that we in good faith believe to be unlawful.

We also allow some of our employees and independent contractors access to both Personally Identifiable Information and Non-Personally Identifiable Information to enable them to assist us with our business and provide the services and products that we offer to you. We endeavor to have all such employees and contractors sign nondisclosure or confidentiality agreements with us in order to protect your information.

From time to time, we make the email addresses of those who provide them to us available to other reputable organizations whose products or services we think you might find interesting. If you supply us with your postal address online, you may receive mailings from other reputable companies.

### **Privacy policies of third parties**

When you sign up for services through our site, keep in mind that you may be interacting with a third party that operates under its own privacy and security policies. Except as otherwise discussed in this Privacy Policy, this document only addresses our use and disclosure of information we collect from you. Other sites accessible through our site, and companies to whom your information is transferred, have their own privacy policies and data collection, use and disclosure practices. Please consult each site's privacy policy. We are not responsible for the policies or practices of third parties. Additionally, other companies that place advertising on our site may collect information about you when you view or click on their advertising through the use of cookies. We cannot control this collection of information. You should contact these advertisers directly if you have any questions about their use of the information that they collect. You should also be aware that unsubscribing from us will not automatically unsubscribe you from third parties.

Also, in the event that we, or substantially all of our assets, are acquired, such customer information will be included within the transferred assets.
